ABSTRACT OF BUSINESS TRANSACTED  
AT THE ANNUAL TOWN MEETING  
MARCH 14, 1967

OFFICERS ELECTED:

Town Clerk	Roland C. Goddard
Town Treasurer	Roland C. Goddard
Selectman for 3 Years	Charles W. Nichols
Highway Agent	John B. Crosby, Jr.
Tax Collector	Florence E. Stebbins
Overseer of Public Welfare	Floren E. Stebbins

	Elizabeth S. Pangborn
Trustee of Trust Funds for 3 Years	Russell E. White
	Leslie G. Coffin, Jr.
	Ernest L. Goodall
	Donald A. Donaway
Auditors	Walter A. Cleveland
	John L. Weidner

The following Resolution was submitted by the Selectmen and accepted by unanimous vote:

RESOLUTION

WHEREAS:

Janes J. Anderson, A summer resident for many years and more recently a dedicated resident of Rindge, and

WHEREAS:

Mr. Anderson was a leader in activities related to religious, cultural, civic and recreational development, a Commodore of the Lake Monomonock Sailing Association, a Trustee of the Congregational Church and Society and author of current history of that institution as Chairman of the Bicentennial Committee of the Town,

THEREFORE, BE IT RESOLVED:

That the residents of Rindge in Town Meeting assembled pay tribute to his memory by standing in silent prayer,

AND BE IT FURTHER RESOLVED,

That this resolution be enscribed upon the record of this meeting and a copy of this resolution be sent to Mrs. James J. Anderson.

It was voted to take up Article 2 first.

ARTICLE 2: To hear and act upon the reports of the Selectmen and Town Treasurer, Town Clerk, Overseer of Public Welfare, and reports of all agents, Committees and Officers heretofore chosen and act in any way relating thereto.

ARTICLE 2: Mr. Stewart gave the following report for the Conservation Committee:

The Conservation Committee of the Town has had a fairly inactive year and in view of the growth problems facing us we will have to get moving again. Most of the energy of members during the past year went to assist the Planning Board in the work on the Proposed Land Subdivision Control Regulations. This is a vital regulation to the growth of the Town and the preservation of the present character of the open lands.

The move by the Massachusetts Turnpike Authority to construct a toll road, North and South from Sturbridge to Winchendon, poses a real problem to Rindge and the towns to the North.

The Conservation Committee has for consideration two pieces of land which could be available to the Town for conservation use. We are also aware of one backwoods stream in town that is badly polluted and must be corrected.

We have lost one member of the committee through resignation and would like to know of anyone who would like to help in this vital work.

Mr. Ralph L. Hoyt, Jr., read the report of the Study Committee for the Planning of a Town Garage as follows:

This Committee was asked to determine whether or not the Town of Rindge should build a garage and if so where it should be located and what size and type of building should be constructed. The Committee's recommendations which are set forth below not only contemplate the present needs of the Highway Department, but have taken into consideration the fact that in the future the Highway Department will need more facilities.

The majority of the Committee recommends that the Town construct a building for the Highway Department approximately 140 feet long and 40 feet wide with the exception of the bay for a grader, this portion of the building to be 48 feet wide. The reason for arriving at the figure of 140 feet is that the Committee anticipates seven bays with overhead doors for the garaging of the Highway Department vehicles and for storage of certain heavy equipment which requires mounting and dismounting from vehicles. These include hydrolic sander, salter, plow blades, etc. The building when constructed should have an overhead beam to facilitate the use of a chain fall and one of the bays equipped with a pit and facilities for lubricating and general maintenance of

vehicles and equipment.

The Committee recommends that this building be constructed on the present site of Highway Department land and to be located on the site as shown on the attached diagram. It is also recommended that the present buildings on this site be torn down and that solid fill, when available, be dumped at the rear of the present site in order to avail the Town of the full use of the area. Also, in connection with the site it is recommended that the gasoline storage facilities be modified so as to conform to the use of any new building.

The Committee also recommends that the Town be asked to appropriate a sum of money so that plans and specifications may be drawn up and quotations obtained for the construction of the building and the improvement of the land.

Archie W. Letourneau, Jr.  
Armas W. Fillback  
Oscar P. Thrasher  
Charles W. Nichols

Mr. David Stewart gave an oral report regarding a meeting of the Bicentennial Committee under the leadership of James J. Anderson.

Mr. Marshall S. Danforth, Chairman of the Planning Board, reported that the subdivision regulations had been drawn up and were now in effect.

Mrs. Clara Seymour reported that the History Committee was making progress and that the material gathered was being typed.

Private work done by the Highway Department was discussed. It was voted that the Highway Agent produce the books for private work done by the Highway Department. Standing vote: Yes - 85, No - 62.

It was voted to accept the reports of all Town Officers as printed.

ARTICLE 1: To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

## REPORT OF TOWN AUDITORS

We have examined the accounts, records and investments of the Town of Rindge for the year 1967. Our examinations were made in accordance with generally accepted auditing standards and accordingly included such tests as we considered necessary.

In our opinion the accompanying statements present fairly the revenue and expenditures for the year 1967 and the stated value of the Trust Funds as of December 31, 1967.

AUDITOR'S REPORT  
Private Work of Highway Department  
Year Ended December 31, 1966

FINDINGS

1. We found it very difficult, if not impossible, to complete a trail between expenditures and charges for private work.
  - a) We suggest that a notation be made on payroll manifests showing for whom all private work was done. This would tie in labor costs to statements issued by the Highway Agent.
  - b) On all invoices and statements for materials, show notation for whom the material was charged. This would tie in material costs to statements issued by the Highway Agent.
2. No. trail between payments received and Highway Agent's statements issued.
  - a) In cash book receipts, show for whom the payment was made.
3. Highway Agent charges basically same rate for rental equipment as Town pays. This charge should be more due to the fact that the Town is operating on borrowed money.
4. Statements issued by Highway Agent should be more complete. More detail as to hours charged, materials, and equipment used.
5. We found certain discrepancies in charges for equipment and material. Rates vary for loader, trucks, gravel, etc. We suggest that a more detailed analysis of the costs of Town equipment be arrived at. These costs should then be the least amount charged for private work. We believe that the charges for private work should be more than the actual cost to the Town. This would leave an allowance for a profit percentage as well as contingencies.
6. We also suggest that in the Annual Report that "Private Work" be completely separated from "Town Work". That is, not only income from private work be separately shown, but also all materials and labor. This would show at a glance whether the private work done by the Highway agent was costing the Town money. We also further suggest that if the Highway Agent's Clerk is going to continue keeping the books, he or she be compensated more than he or she is at present. Since the suggestions made concerning private work will increase the duties, perhaps the added compensation could be made out of the profit from private work.

CONCLUSION:

We found no case where we thought the Highway Agent had acted in bad faith. As previously stated we think there should be better detail kept of work done and materials charged.

It is our opinion that if our suggestions are followed, that in the future private work can be done by the Rindge Highway Department and that the Selectmen, Auditors as well as the Highway Agent will be better able to tell exactly where the Department stands concerning private work.

We did not do a complete audit as the time element would be too great. We took samplings of payroll manifests and invoices. We did check all statements issued by the Highway Agents.

Respectfully submitted,

JOHN L. WEIDNER  
WALTER A. CLEVELAND

## REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time we had many fires, unnecessary fires, caused by carelessness and disregard for the common-sense fire laws and regulations

This lack of responsibility on the part of a few people hurts everyone. Lets work together to prevent the start of those unnecessary fires by:

- 1 . No burning between 9:00 A.M. - 5:00 P.M. and then only with a permit from the Forest Fire Warden.
- 2 . Take all debris and waste to the Town dump.
- 3 . Keep a clean, safe Town dump.
- 4 . Urge close supervision of children in regard to use of matches.
- 5 . Exercise care with smoking material - use the ashtray.

## RINDGE HISTORY COMMITTEE

Report for 1967

The members of the History Committee have continued to gather information pertaining to the Town dating from the Town History publication of 1874 and also to fill in the control chart which Mr. Bacon organized as a guide on the following topics: schools, churches, homes, resorts, industries, organizations, etc.

Mrs. Ruby Rice is continuing to research Geneology as well as to gather and file material on all of the subject matter.

We regret the resignation of Mr. Russell Bacon who has moved out of town.

## REPORT OF TRUSTEES OF INGALLS MEMORIAL LIBRARY

The year 1967 has been another successful one for your Library.

Due to the number of books available for readers, as may be noted in the Librarian's report, the circulation reached a new high.

The Friends of the Library (FOTL) although having been organized for several years has made considerable progress this year under the Chairmanship of Mrs. Margaret Brummer. She has made the activities really worthwhile and created an increased interest in the program. For this, the Trustees are indeed grateful to her.

Our relationship with the Rindge School has been a source of satisfaction to many of the parents in our community, as well as proving an educational activity for the pupils. The Trustees are indebted to Principal La Palme for his fine cooperation in setting up schedules and providing time for this program, and to the teachers who unselfishly contributed so much.

After several years of devoted service as a member of the Board of Trustees, we regret that Mrs. Loyce Bacon has resigned because of her moving to Florida. She will be remembered for her Story Hour readings with the youngsters, and her excellent reports as Recording Secretary for the Trustees, in addition to many other aids to the Library. The Trustees and Friends of the Library wish her happiness and good health in her new location.

We are very glad to report that the Board of Selectmen has appointed Mrs. Brummer to fill the vacancy on the Board of Library Trustees which was left by Mrs. Bacon. We are indeed fortunate in having her as a member with us.

Our friend, George Semonite again has made a great contribution to the Library by keeping the fiscal records and necessary bookkeeping for the continuance of our work. This voluntary help has taken much time and effort for which the Trustees are very appreciative.

We wish also to express our thanks to Mrs. Shirley Adamovich of the State Library for advice and help concerning our program.

Physically, the building has been well maintained under the constant care of Walter Lovell to whom we are indebted.

The Trustees express again our appreciation to Mrs. Carrie Gray, our Librarian, for her devotion and excellence in the performance of her work. It is due to her that the standing of your Library in the State Ratings is so high. Thanks are also given to Mrs. June Danforth, Assistant Librarian for her help in supporting our Program.

## REPORT OF THE FRIENDS OF THE LIBRARY

Margaret Brummer, Chairman

As we started our yearly program in June, our activities began with a successful membership drive July 6th. We were indeed grateful for the fine response. This was followed by the initiation of the summer reading program called "Teach One--Learn One". Miss Patricia Harris won the first prize, Miss Suzan Flagg, second prize and Master Keith Poikonen first in his division, for which each received a subscription to the magazine of his choice.

A picnic and hike were held at Miller State Park at the conclusion of the summer, for those who participated.

On August 11th, a successful Food Sale and Art Exhibit was held.

At the October meeting it was voted to give the Library \$100.00 for children's books, especially of teenager interest, and also to go ahead with the purchase of a 16mm sound projector. This is being undertaken at the present time. Plans are also being made to help with an Open House at the Library for the Bicentennial.

My thanks to all who have contributed to the Friends of the Library.

Respectfully submitted,

Edwin B. Klein  
Mildred Semonite  
John M. Phillips  
Verne L. Patenaude

The year 1967 was one of growth at the Ingalls Memorial Library. Many fine books were added. Reference books received through the State Library Development Plan have enlarged that department. A generous gift from the Friends of The Library made it possible to add to the Young Adult Collection.

As usual, interested patrons have contributed books, money, magazines, plants and clocks for both Reading rooms. The gratitude of the Trustees and the Librarian is extended to these friends.

Books have been added to the Memorial Shelf in memory of Mr. James Anderson, Mr. Arthur Chase and Mr. Robert Kennedy.

Our students both in the grades and in high school take full advantage of the evening hours that the library is open. The Memorial School classes accompanied by their teachers, borrow books each week. It is in this field that the Bookmobile is of great value. The relationship between the school and the library has been most cooperative this year.

Your Librarian has attended the regional book meetings whenever possible.

I wish to extend my thanks to the Trustees for their help, to Mrs. Marshall Danforth, the assistant librarian, to Mrs. George Semonite for the many hours she has given to the library, and to Mrs. Arthur Chase for her time and effort in behalf of the library. My thanks also go to Mr. Walter Lovell, Custodian.

MRS. WILLARD E. GRAY, Librarian

## THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Rindge, qualified to vote in District affairs:

You are hereby notified to meet at the Rindge Memorial School in said district on the 23rd day of August, 1967, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To hear the report and any recommendations that might be forthcoming from the Cooperative School District Planning Committee, established at the March 10, 1967 Meeting of the School District, and take any action relating thereto.

Given under our hands at said Rindge this 8th day of August, 1967.

James F. Allen  
Notary Public

John L. Weidner  
John L. Spooner  
Basil B. MacLeod Jr.

School Board

The report of the Cooperative School Planning Committee was read by John Weidner.

The report on Enrollment was read by Mr. Goddard.

The report on Curriculum was read by Mr. Lane.

The charts and diagrams supporting the report were explained by Mr. Spooner.

It was also explained that the Articles of Agreement are set by the State.

The vote tonight is to instruct the School Board to take steps to get into the Cooperative School District.

Richard Cleveland spoke in opposition to the plan because of cost, distance and after hour transportation.

Question as to voice we would have in the Cooperative District was answered by Mr. Weidner.

Question by Jack Pangborn - "Can we get into Con Valley" - Answered by Mr. Carroll - "Door is still open as far as we know."

Question by Jean O'Neil - "How will 7th and 8th grades be handled?"  
Answered by Mr. Spooner.

Question by Mr. Elsbree - "Would not Peterborough students go to Con Valley and Rindge students go to Peterborough?" - Answered by Mr. Weidner.

Question by Jack Pangborn "Why didn't we go into Con Val before this?" - Answered by Mr. Weidner. Question as to what voice we would have in Val budget and what voice we would have in deciding policies to be followed. Answered by Mr. Weidner and Mr. Carroll.

Question by Walter Cleveland - "Has land been purchased for Con-Val or has it been looked for?" Answered by Mr. Carroll.

Question by Alice Stearns - "Wouldn't the Grade School students benefit time-wise under the new plan?" Answered by Mr. Weidner.

Question by Walter Cleveland "Could Con-Val close the Rindge Schools?" Answered by Mr. Weidner.

Motion was then made and seconded, as follows, that the report offered by the Cooperative School District Planning Committee be accepted.

By a voice vote, the meeting voted unanimously to accept the report.

The following motion was then made and duly seconded:

"I move to direct the Rindge School Board to petition the Contoocook-Valley School Board to meet with it to study jointly the advisability and the terms of annexing the Rindge School District to the Contoocook-Valley School District."

Voting on this motion was by ballot and 124 votes were cast, divided as follows: Yes-85, No-39. The motion was declared to be carried.

Following the voting the meeting was adjourned.

GEORGE E. SEMONITE

## B. School Program

I hereby submit my first annual report as Principal of Rindge Memorial School.

In an attempt to obtain the best possible education for your children, the teachers are constantly involved in curriculum studies with other teachers in the Union. Change is occurring at such a rapid pace in technology, industry, and education that what appears to be fact today may be inaccurate tomorrow. Therefore, to continue the fine curriculum which you are providing for your children, change is necessary; however, changes are not being planned just for the sake of making a change. Every precaution is made to assure that a new program will be much more beneficial to the children and that it is superior to what we are now using.

We are involved in two curriculum studies this year. One of these studies is being performed in the area of mathematics. Mrs. Boudrieau has been meeting with other teachers in the Union and with representatives from publishing companies to evaluate programs which are available to us. Although our present program utilizes the modern approach, there are probably other programs which might be superior to the one which we are now using, and one which might be much more beneficial to all of our students.

The second curriculum study being conducted involves the English program. We have had "modern" mathematics, "modern" science, and the trend is now for "modern" English which is linguistically orientated. As in mathematics and science, research has indicated that elementary school children are quite capable of mastering material which you and I had previously learned in high school and possibly in college. The same philosophy also holds true for English in which the terminology and methods are updated and presented on the elementary level. Mrs. McCormack is engaged in this Union-wide study which involves evaluating the new programs and performing research to determine the success that some of these programs have had in other areas of the state and country. Again the primary concern is what is going to be the best possible program for our children.

The D. C. Heath Science Program is used in all grades. This new program is student centered, in that the children are given the opportunity to perform many experiments, at all grade levels, and to draw conclusions from their observations. Each grade is equipped with a science kit which contains much apparatus for performing experiments. Each kit also includes filmstrips which correlate the program. Pupil involvement is the backbone of this program.

The fourth grade is using the educational television series "Our New Hampshire History." The basic aim of this program is to help children understand and appreciate their rich heritage and to create in children a desire to investigate the history of their state. Educational television is an additional teaching tool designed to bring to the classroom visual aids and experiences that might not be available otherwise. One of the features of the program is to present well-informed people who will help the students to become acquainted with New Hampshire, past and present.

This year there are twenty three students participating in the instrumental music program. There were seventeen pupils who enlisted in the beginners program

with the remainder of the group composed of students who had lessons last year. Mr. Sanders offers this instruction every Monday from 10:30 to 2:30.

Physical education is still held for each grade every week. These sessions are thirty minutes in length. Our program is operated in conjunction with selected students from Franklin Pierce College under the leadership and guidance of Mrs. Estabrook. The children enjoy these sessions tremendously.

The fifth and sixth grades are participating in a current event program sponsored by the Keene Sentinel. Each week we receive a filmstrip which depicts the important items in the news during the previous week. We also receive in-depth study filmstrips concerning the activities of the Supreme Court, Congress, and countries of importance in the news. The children are enjoying this service and they are receiving many benefits from the current events program. This program is free and the school is able to retain the filmstrips for its own current events filmstrip library.

The Outdoor Education program held at Sargent Camp during the week of October 30, was a successful experience for the sixth grade with 100% participation. For several weeks prior to their "in-the-field" training, Mrs. Boudrieau taught the children much background material which would be beneficial to them in obtaining the maximum results from such a program. In the area of forestation, the children learned about types of trees and how to care for them. This was followed up with a trip to a nearby lumber mill. They also did work in reading a compass and reading topographical maps, and identifying land forms and marks. These activities were to prepare them for an all-day survival hike. Some of their time was spent in animal study with particular attention directed to the study of birds involving their habits, homes, calls, and means of identifying them. The children were well fed, adequate housing was provided, and a good time was had by all.

This year, for the first time, we are able to offer to those children who are having difficulties in reading, a remedial program. This phase of our curriculum is under the excellent instruction of Mrs. Sands. Six sessions are scheduled daily from 9:05 to 12:15. There are twenty four students involved with no group having more than five students and with one group having two students. In a program of this type it is absolutely necessary to have extremely small groups so that the children are able to receive, as near as possible, individualized instruction. The emphasis in these classes is on phonics, strengthening reading skills and then working toward better comprehension. As is necessary in this type of a program, there is a close working relationship with the classroom teacher. The effect of this program cannot be evaluated in the short span of time that it has been in existence, however, there are many indications that it will be extremely profitable to those students who are involved.

Again we are fortunate in receiving Federal Funds to be used for purchasing library books. It is of extreme importance that children read, and with these Federal Funds we are able to add many new and varied titles to the selections which we already have. This provides the children with a much more diversified list from which to select. In still a further attempt to get children interested in books and libraries, we are working in close cooperation with Mrs. Gray, the town librarian. These grades alternate weeks in which they journey to Ingalls Memorial Library for additional books.

## ACTIVITIES

First-hand experiences are much more beneficial than vicarious excursions; therefore, our children are involved in study trips. On November 8 the fourth and fifth grades toured Sturbridge Village. The children received many valuable educational benefits from this trip. The fourth grade is studying the history of New Hampshire and many references are made to this New England Village. The fifth grade, at the time of the trip, was studying Colonial America. This experience allowed the children to see, feel, and live, for a short time, in the age that they were studying.

Other grades will be making study trips in the spring. The students involved will visit places and see areas of significance which will correlate what they are learning in the classroom.

During American Education Week in November, an Open House was held for parents and residents. This evening provided the opportunity for parents to view some of the new programs, innovations, and materials which the children have to work with. It also gave parents a chance to speak informally to the teachers of their children. To conclude this successful activity, refreshments were served in the cafeteria by Mrs. Whitney.

The annual Christmas Program sponsored by the Fire Department was held on December 20. Grades one, two and three combined efforts for their program. Grades four and five displayed their talents in separate one-act plays. Grade six sang Christmas Carols and pantomimed "Twas the Night Before Christmas." This program was a tremendous success and the children and teachers are to be congratulated for their superb effort. The firemen are to be commended for their interest and support of this program.

Safety patrols have been established for walking students. The safety patrol has two important functions. One is to provide experiences in citizenship education for the members by providing opportunity for school-community service, and the other is to increase the amount of protection from danger that children will receive on their way to and from school.

## TRANSPORTATION

The bus schedules received a thorough study this year. Changes were necessitated by the possible overcrowding of passengers from Conant. This possibility caused us to establish a third trip to Conant in the afternoon, and four bus trips departing the Memorial School. To enable Rndge children attending Conant to participate in extracurricular activities, a late bus was scheduled to make a pickup at Conant at approximately 4:30 P.M. On returning to Rindge the bus makes three stops, one in West Rindge, another in Rindge Center, and the third stop is in East Rindge.

## FUTURE

The future will carry many more changes to the elementary school curriculum. To stay abreast of the times, change is a must. Inventions and discoveries are occurring at a geometric rate. This rapid increase in technology will demand much more from our children and from our teachers, who not only have the task of helping children to understand the world in which they live but also to face an unknown future with intelligence and confidence.

In conclusion, I extend my sincere appreciation to the Rindge School Board, the Superintendent, the Assistant Superintendent, my fine teaching staff, Mrs. Whitney, who provides a superb hot lunch program for your children, Mr. Quimby, who maintains an exceptionally clean school, and to the parents of our children for the cooperation and assistance given me this year.

NORMAN H. LaPALME, Principal

DONALD P. CARLE, Assistant Superintendent of  
Schools

RAYMOND G. EDWARDS, Superintendent of  
Schools

## PART III. SCHOOL PLANT

## A. REPAIRS

Mr. Quimby performed the regular summer maintenance which consisted of:

1. Dusting ceilings and walls.
2. Washing light fixtures.
3. Washing windows - inside and outside.
4. Stripping floors of wax, washing, waxing, and buffing all floors.
5. Refinishing the stage and gymnasium floors.
6. General grounds upkeep.

The gymnasium ceiling and walls were painted.

A doorway was installed on the left side of the gymnasium leading into the storage room.

A new sign stating Rindge Memorial School was erected on the front lawn.

The basketball backboard in front of the stage was made retractable so that full utilization could be made of the stage and the projector screen.

A new oil-fired hot water booster tank was installed to replace the gas operated booster tank which was located in the kitchen.

Mr. Quimby sanded and refinished all the doors in the older part of the building.

Five bookcases were constructed by Mr. Quimby for shelving library books.

## PART VI. AUXILIARY ACTIVITIES AND SPECIAL REPORTS

## A. Health

The basis of this report is the annual School Health Service Report for the school year, September 1966 to June 1967, as completed by Mrs. Barbara Hamilton. Mrs. Hamilton terminated her services as School Nurse for Rindge, in June, 1967. I commenced my duties as School Nurse for Rindge, in September 1967.

	Total	Defects	Corrections
Physical Examinations by Dr. Sterling	71		
Vision Tests	146	21	10
Hearing Tests	120	1	1
Heights and Weights	152	1	
Teeth	152	20	17

A Tuberculosis Clinic was held with 77 children receiving Heaf tests.

The dental clinic program was completed through the cooperation of Dr. Johnson, Dentist. Seventeen children received dental care.

In October 1966, the State Dental Hygienist visited the school.

In May 1967, a pre-school clinic was held, and nineteen prospective first graders were checked by the school nurse.

A measles clinic was held in the spring, 1967, by Dr. Sterling and 38 children were vaccinated.

The Rindge School Health Program wishes to express its appreciation to Dr. Sterling for his continued help and his interest in the children of Rindge Memorial School.

The School Health Program plays a vital role in your children's present and future. We earnestly seek your interest and support.

According to my knowledge, this report is correct and complete.
